FOR GOVERNOR

## JNO P. BUCHANAN

Of RUTHERFORD.

Hickman county elects a full democratic ticket.

Judge B. J. Lea passed under the wire in a walk.

STATE NEWS.

The falling off in the democratic vote shows that the country pays poll tax and the cities don't.

the 10th of next month. Whom will the electricity strike?

Lodge, the author of the force bill, says he wants to see a guard of Federal soldiers at every ballot box in the south.

Tho's M \_ McConnell, Chairman, says he has already heard from two thirds of the counties for their pride and rebellion and in the state and never before saw a candidate as strong among than justice to the negro for the paper in Tenn. the people as is Mr. Buchanan.

The State Democratic Executive committee decides that there will be no joint debate in the race for governor. Mr. Buchanan will canvase the state and probably speak in the large towns and cities.

Maury county elects a full ticket made up of representative democrats. A fierce fight waged between kuhn democrat and Farris republican for the Trusteeship. Kuhn beat him, THE COUNTY ELECTION. thank the Lord, over a thousand votes.

The late elections in the state are simply trial shots to get the range. By November we will have all the guns trained and double shotted then lie down little 'publicans we're gwine to shoot and shoot to hurt.

It the democracy of Lawrence county want this paper contin ned they will have to give it more and better support than it has received. That's the word and the bark on it. We don't McLean's majority over all 251 see how the party can get along without a paper but if they are willing to try it so are we. We Garner can't run the paper on wind. Copeland This paper is expected to and does do all the party drudgery, Garner's majority and for nearly six years this has been the case without marmur but we now call a halt and say Sanders we don't propose to run the paper and let every body else eat pie which rightfully belongs to this paper while we sit by and suck the wind.

The fact is there is nothing in Baxter, and if the papers only let him alone for a few days he will summer down into a politieal nonentity that the most powerf il microscope at the Vanderbilt rould be as impossible to discern as it is to magnify into gentility a white man born on Southern soil who even indirect is on FILE IN CHICACO ly enders s the iniquitous and double dammed fraud and force

WHY?

Under the above heading the New York World asks v.hy was the Federal Election bill brought forward at this session of Congress, and why is such a frantic endeavor made to secure its passage? The election thows most conclusively what can be done by organization. This thing of independentism received the black-LITTLE LEWIS BAXTER, est kind of an eye this election at any rate and we hope for all time to com. The time has come when the party musi stand by its organization. We still stay what we this everal weeks ago that the democratic party in Lawrence county is in good bealth and ready for the fracas.
